Phone: 404-506-3750; Ask for the HR Department.

Fax:404-506-1815 Attn: HR Department

We have an immediate need for a Chief Information Officer that has **current knowledge and experience utilizing Fiserv XP2** for our credit union's main core processing. This is a full-time, salaried position located in Atlanta, Georgia that provides a competitive salary and comprehensive benefits. Our culture values teamwork, ethical business practice, strong customer relationships, and a desire to provide excellent customer service.

### **Responsibilities:**

- Oversee and manage all phases of systems design, programming, networking, installation, and operation.
- Manage and supervise Information Resources department of 2 staff members.
- Plan, develop, design, implement, and test new hardware and software solutions.
- Assess and correct hardware and software expansion, issues, and problems.
- Create and maintain policies and procedures including business continuity, disaster recovery, incidence response program, information resources, and network security.
- Function as database administrator to create and distribute various Fiserv XP2 reports.
- Research providers based on material availability, cost, and quality for processing hardware, software, and consumables.
- Assist in board meetings, audits, annual meetings, off-site visits, etc. as needed.

### **Requirements:**

- Current knowledge and experience utilizing Fiserv XP2 as the core system software. Knowledge of Wisdom accounting system is a plus.
- 2+ years' experience in a credit union, bank, or other related information resources/technology management position.

- 3+ years' experience handling information resources/technology matters.
- Bachelor's Degree in Information Technology/Information Resources, Finance, Business, or another related field.
- Knowledge of laws and regulations that apply to credit unions or banks.
- Strong interpersonal skills including great teamwork skills and professional written and verbal communication skills. Accuracy and attention to detail is a must.
- Proficiency with Microsoft Suite and other business software.
- Ability to multitask, prioritize, and delegate responsibilities in an effective and efficient manner.
