## **Credit Union Audit and Compliance Group Celebrates Successful 2021**

**TALLAHASSEE, FL** – Credit Union Audit and Compliance Group (CUACG) was thrilled to celebrate a successful 2021 and looks forward to an even more productive 2022. CUACG was ranked in the top 20 audit firms in the country based on number of clients in 2021, according to a study done by Callahan & Associates. Callahan & Associates calculates their Top Audit Firms list by comparing total credit union clients over \$40 million in assets. In addition to leading other notable auditing companies, CUACG has successfully increased their revenue by more than 50% since 2014.

While the pandemic forced many businesses to alter their operations or shut down entirely, CUACG was able to continue providing clients with a remote auditing platform. CUACG is able to perform most services virtually, which has proven to be effective and beneficial for both credit unions and team members throughout the pandemic. Unlike other auditing companies, CUACG has been successfully completing remote audits since well before the pandemic, allowing the team to further enhance their skills and knowledge. This has relieved some of the uncertainty that the pandemic has caused. CUACG members know they have a reliable and dedicated team backing them, regardless of the circumstances.

“As uncertainty from the pandemic looms, let our experienced team of auditors assist you in transitioning to the remote world many are already working towards,” stated Marcus King, Vice President for CUACG. “Our team is dedicated to serving our credit unions whenever and wherever needed. We anticipate continued growth throughout the year as we continue to expand our footprint outside of the Southeast. We look forward to welcoming new clients and expanding services that only our team of expert auditors can provide.”

CUACG is the largest credit union auditing firm in the Southeast. CUACG’s team of auditors are comprised of credit union experts that help credit unions succeed. CUACG serves only credit unions and is solely focused on providing value to its clients.
