## Why Attend?

### First-Rate Learning

Enjoy academic teaching that has direct credit union applications. The three-year program, which takes place one week per year in person, will help you develop your operational, managerial and leadership skills.

### Collaboration

Engaging activities in class, on campus, and via team projects foster a collaborative atmosphere for you and your classmates. Form life-long bonds while benefiting from shared successes, resources, challenges, and solutions.

### Shaping Leaders

This program is NOT a conference but a commitment we invite you to make toward a better future for yourself, your team, and organization. For more than 50 years, we've seen alumni go on to hold leadership positions at their credit unions, in their local chapters, and with community-based organizations.
